

Addendum

Additional Information for Church/Ministry Boards

Speaking & Leadership Training Costs

Speaking engagements, on-site leadership training seminars and community building sessions are free of charge. Relationship Ministries (RM) system is a gift from GOD and we choose not place any Church or Ministry under a yoke for that which the LORD has graciously provided Relationship Ministries to prosper all to the glory of his name.

If any Church or Ministry so desires, an honorarium is always a welcome and needed blessing for a growing Ministry. Our only request is that any such blessing is something that the LORD instructs. Relationship Ministries does not hold charitable status so cannot issue tax-deductible receipts. However honorarium invoices will be issued against funds that any Church, Ministry, Business, or private person wishes to bless Relationship Ministries with.

License Cost of RM Technologies

Technology Licensing for RM's Relationship Community Portal (RCP) and other technologies that RM may develop in the future as GOD instructs, will be a component of amortizing development costs of such technologies plus the costs of maintaining, growing, and regularly updating these and other technologies to serve the evolving needs of Christians and Communities.

At this time it is estimated technology licensing will be in the region of \$30.00 per month. This will allow each Church/Ministry using our Community Relationship Portal Technology with integrated RCE to build and place their Church/Ministries web site on.

Spiritual Covering

Relationship Ministries is evangelical and non denominational. Therefore the only spiritual covering we submit to at this time, is that of our Lord and Savior Jesus Christ at his command. We however ask that as often as is possible you keep Relationship Ministries in your prayers.
